Dear Mr Gochin,

Thank you for your interest in the IHRA. We can confirm receipt of your request.

There is no process for external submission of petitions. The independence of our working groups and committees is very important to the way we work. The individual chairs are responsible for setting their agendas, in line with our organizational priorities.

As the IHRA is a membership-based organization, and our meetings are closed to the public, it is not possible for us to share in-depth procedural details externally.

We appreciate your interest in our work.

Kind regards
Michaela Küchler
