WELCOME TO THE WOMEN CANTORS' NETWORK

Cantor Deborah Katchko Gray founded the Women Cantors' Network in 1982, at a time when there were few resources or music written for women's voices.

The WCN provides information and education in areas related to the cantorate and Jewish music through:

- Annual conferences
- On-line forums
- Commissions of Jewish music for women's voices

OUR PURPOSE

To support one another by sharing professional knowledge and personal experiences in a supportive, nurturing and non-judgemental atmosphere

To provide continuing education in areas related to the cantorate, Jewish music and Jewish education

To serve as a forum for discussing practical issues for women in the cantorate

To promote the practice of Judaism through the dissemination, development, and commissioning of Jewish music and rituals for clergy and lay leaders serving in the cantorate
