Dear Grant,

The Migration Department of Lithuania issued a communication regarding your application for the Lithuanian citizenship on 18 of June, 2007.

Please find enclosed the three letters in Lithuanian addressed to you, T.A. Jordan and B. Gochin Lyon. They all state that the Migration Department found your prove of Lithuanian origin insufficient. The documentation, according to the Department, did not prove that Samuil Gochin was your grandfather since there was no direct indication of his birth date and place.

Another reason of the negative response is that you are currently a United States citizen (referring to the Constitutional Provision of 11/13/2006 that requires renunciation of other citizenship in order to obtain the citizenship of Lithuania). The same was applied to your son Bryce Gochin Lyon and your sister Terry Arlene Jordan. In case you need more information about the communication, do not hesitate to contact the Migration Department in Vilnius (you will find the contact person on the pages enclosed or at the www.migracija.lt).

Sincerely,

Attaché Gabrielė Klimaitė
